To Whom it May Concern

Conner Aiken worked for me for 13 months. He is an exceptional Software Engineer.

I highly recommend Conner to any company. He is well organized, dependable, timely, trustworthy, and always brings a positive attitude to his work. Conner developed two new mobile ready applications that have helped improve our position in the market and expand our offerings. He was able to expand upon the initial applications by incorporating macro-level data, automation, algorithms, & integrating with other vendor platforms.

Along with his undeniable talent, Conner has always been an absolute joy to work with. He is a true team player, and always manages to foster positive discussions and bring the best out of other employees. Conner works well in a team environment or independently.

Without a doubt, I confidently recommend Conner to join your team. As a dedicated and knowledgeable employee and an all-around great person, I know that he will be a beneficial addition to your organization. He is well liked by everyone including our customers and other vendors.

Please feel free to contact me, should you like to discuss Conner's qualifications and experience further. I'd be happy to expand on my recommendation.

Professionally;
